					ND	ND		ND		ND

Blank cell indicates no sample analyzed

ND indicates no detectable level

Red highlight indicates sum of Vermont-regulated PFAS exceeds current GWES

Orange highlight indicates exceedance of federal MCL for PFOA or PFOS

<sup>1</sup> BR-1, BR-2 & BR-201 sampled a month later than the other wells

<sup>2</sup> These samples were collected by Stone Environmental and analyzed for Environmental Site Assessment Phase II

\*\* Results are considered to be an estimated maximum concentration.
